

Y-12 MOTORISTS ARE ASKED TO CAREFULLY STUDY THIS MAP OF new parking and traffic flow provisions now in effect in the Central Parking Lot. Close observance of the new regulations now not only will provide more parking space but also expedite movement of vehicles.

## Y-12ers May Pick Articles To Offer As Safety Awards

### Ballot Will Provide Opportunity To Voice Opinion On Proposals

A new system of selecting articles to be offered as individual safety awards for the 15th Carbide Safety Period recently completed in the Y-12 Plant Area has been announced by the Safety Department. It consists of a ballot (published on Page Four of this issue of The Bulletin) on which every employee in Y-12 may indicate his or her choice.

This poll of employees' wishes is expected to bring a good response and clearly indicate the wishes of the majority of Y-12ers eligible to receive the individual safety awards. It is urged that the ballot be filled out, clipped from the paper and returned to the Safety Department as soon as possible.

#### Top 11 To Be Offered

The top 11 articles chosen by Y-12ers in the poll will be presented to eligible employees from which to select the one award they choose.

Most of the 32 articles listed in the ballot box on Page Four have been offered as individual safety awards in the past and represent the majority choice of eligible employees. All come within the price range of \$2 provided for awards to be given for participation in a Carbide Safety Period of more than 1,500,000 accident-free man-hours of plant operation and less than 3,000,000 hours.

Y-12ers sending in the ballots are asked to check but one article. However, there is space at the bottom of the ballot on which employees may make suggestions for future consideration of articles not included in the list proposed.

#### June 8 Is Deadline For Vote

The ballot will be published in The Bulletin for two weeks to give all Y-12ers an opportunity to make known their wishes on the safety award articles. All ballots must be returned to the Safety Department not later than Wednesday, June 8.

The 15th Carbide Safety Period for which awards will be made to Carbide employees on the payroll during the period and still working here (except for those given a reduction in force termination) extended from March 12 through May 8, inclusive. It was the second Carbide Safety Period established in the Y-12 Plant Area this year.

## Disabling Injury Friday Snaps Y-12's Safety String

Y-12's latest string of accident-free days came to a close at 11:20 a.m. last Friday morning when an outside machinist had four fingers of his left hand mashed when his hand was caught between the cup and flange of a hydraulic lift. The plant had operated 341,780 labor hours through 11 days when the disabling injury occurred. It was the fourth lost time accident of the year in the Y-12 Plant area. At the same time last year six lost time accidents had occurred.

## Memorial Day Provides Long Week End Holiday For Carbide Ridge Employees

### Y-12ers Urged To Pause Monday To Pay Tribute To Servicemen Who Made Supreme Sacrifice

Most Y-12ers will enjoy another long week-end holiday, the second of the year, when Carbide installations in Oak Ridge will observe the Memorial Day holiday on Monday, May 30. The last long week-end holiday came on Good Friday, enabling Carbide folks in Oak Ridge to have a three-day Easter vacation.

## Cafeteria To Close Friday For One Month

### Extensive Remodeling Program To Be Started

For the purpose of an extensive remodeling and improvement program, the Y-12 Cafeteria will close after the day's business on Friday of this week, May 27, for a period of one month. The reopening is scheduled for Monday, June 27.

Both the main dining room and the kitchen are to undergo extensive renovation. New equipment will be installed and present devices to be retained will be rearranged for greater efficiency.

The entire kitchen area will have a new floor of red quarry tile. A glazed tile of green will be installed on the walls to wainscot height, fluorescent lighting will be installed and a hung ceiling will be placed. The salad and baking areas will be moved from the ground floor to the main level of the building. New equipment will include deep fat fryers, roasting and baking ovens, ranges and mixers and stainless steel sinks.

In the main dining room asphalt tile flooring will be laid from wall to wall to provide a more comfortable walking surface and to act as a sound deadener. Stainless steel railings and tray slides will replace the present wooden equipment.

#### TELEVISION OUTPUT BIG

The American television industry was turning out black and white receiving sets at the rate of 11,000,000 annually last year.

## Memorial Day

## Guard Department Equipped To Solve Lost-Found Problem

The lost personal property problem sometimes becomes perplexing in Y-12—but there is one sure way to handle such incidents with a minimum of confusion.

That is to report loss of any personal property to the Y-12 Guard Department — also if any such property is found. The Guard Department has machinery set up to do everything possible to return lost property to rightful owners.

The Y-12 Bulletin has no facilities for assisting losers—or finders—of personal property and a report to the Guard Department will do more toward expediting solutions of these matters than any other step.

**ELECTROMET BORN IN SOUTH**  
Electro Metallurgical Company, a division of Union Carbide and Carbon Corporation and formed in 1906, grew out of electro-smelting work done in 1892 at Spray, N.C., by Maj. James Turner Morehead. The original Electromet plant at Glen Ferris, W. Va., produced its first chromium alloy in 1901, and is still observed by Electromet.

As customary on the Memorial Day holiday, no Y-12ers will be at work except those required for continuous operation and protection of the plant.

#### Solemn And Sacred Holiday

Memorial Day is one of the most solemn and sacred holidays on the calendar, for it is on this date that the nation pays tribute to the brave men—and women—who made the supreme sacrifice for their country. Throughout the land there will be prayers that never again will anyone be required to give their lives that the nation may continue to enjoy its freedom.

Memorial Day originated in 1868 under an order issued by Gen. John A. Logan, commander-in-chief of the Grand Army of the Republic that "every post hold suitable exercises and decorate the graves of their dead comrades with flowers. The custom has been carried out throughout the following years as the dead of the War Between The States, the Spanish War, World War I, World War II and the Korean conflict are honored.

#### President To Place Wreath

It is on this day that the President of the United States places a wreath on the tomb of the Unknown Soldier in Arlington National Cemetery, symbolizing the honors paid throughout the country to its heroes.

Not only in America is Memorial Day observed as a tribute to American soldiers. In many European cemeteries—particularly in France—citizens remember the part played by United States soldiers in driving the enemy from

## Analytical Group Sets Talk By Dr. L. B. Rodgers

Dr. L. B. Rodgers, an associate professor at the Massachusetts Institute of Technology, will be guest speaker at a meeting of the Analytical Group of the East Tennessee Section of the American Chemical Society on Thursday, June 9. The meeting will be at 8 p.m. in the cafeteria of the Robertsville Junior High School in Oak Ridge.

In his talk Dr. Rodgers will

discuss "Recent Developments in Potentiometric Measurements." He will describe some of the work of Dr. N. H. Furman and other scientists on the characteristics and applications of polarized electrodes. The talk will be illustrated with slides.

In addition to his address before the Analytical Group Dr. Rodgers will speak at a joint Analytical-Chemistry-Chemistry Division of Oak Ridge National Laboratory seminar on next Wednesday, June 8, at 3 p.m. This meeting will be in the auditorium of Bldg. 4500, ORNL.

Dr. Rodgers obtained his A.B. degree from Wesleyan University in 1939, his A.M. from Princeton in 1940 and his Ph.D. in 1942 from Princeton. He has been with MIT since 1948 and also has been a consultant to the Argonne National Laboratory and ORNL.

## ORCMA Membership Drive Is Underway

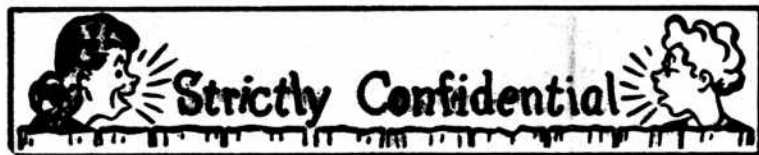

With an excellent program for next season, the Oak Ridge Civic Music Association now is engaged in its annual membership drive, according to Dr. Herbert F. Pomerance, president of the group. The ORMAC is a city-wide and non-profit group that sponsors concerts by the Oak Ridge Symphony Orchestra, the Oak Ridge Community Chorus and also the appearance of guest artists during the musical season.

The program arranged for next season includes three concerts each by the orchestra and chorus and appearances by three outstanding guest artists. The visiting musicians will be Bidu Sayao, of the Metropolitan Opera Co.; Rudolf Firkusny, pianist; and Julian Olevsky, violinist. The dates for their concerts will be announced later.

A series of chamber musicales also will be held during the season.

## 10 Years Service

Congratulations to the following Y-12 employees who will complete 10 years of Company Service within the next few days:  
**Homer Baker**, Stores, May 27.  
**Martha McCombs**, Production Analysis, June 1.

Although vacationing is a year-around pastime in Y-12, most of the rest periods are taken in the spring and summer months—just when the camera bugs get the best condition for the inevitable snapshots of fun away from—or perhaps, right at—home. The Y-12 Bulletin is anxious to print such pictures if it is possible at all to reproduce them—so when any outstanding event on a vacation is recorded on film—just send it along to The Bulletin, Room 221, Bldg. 9704-2.

Now to the chit-chat of the week regarding the doings of Y-12ers.

## ALLOY

Colex Operations extends condolences to **E. R. Boyd**, whose grandfather died last week . . . **A. A. Harvey** was a good brother to his brother last week—helped him put out an acre of tobacco—and if one and all do not thing that is toil, try it . . . **A. K. West** came back from vacation to report he had caught 200 (yep, that's right) bream in a private lake over in Scott County.

**R. J. Luck**, Beta Four, vacationed around home in Oak Ridge and **Ted Roberts** did likewise in Knoxville.

## MAINTENANCE

Alpha Four and Five Maintenance extends sympathy to two Y-12ers whose relatives died last week . . . The father of **George Lequire** died in Maryville and the brother of **F. K. Booth** died in Knoxville.

Sick folks and vacations monopolize the news in Electrical Maintenance . . . **R. E. Lanter**, **H. T. Christie**, **R. C. Burns**, **R. C. Wardell**, **H. G. Watkins**, **A. D. Casey**, **O. C. Axley**, **K. England**, **W. K. Fulbright**, **J. R. Carriger**, **A. E. Norris**, **W. W. Smith** and **W. M. Redden** are the vacationers . . . Get-well wishes go to **L. R. Fisher**, hurt in a fall from his back porch, and also to other ailing ones including **L. R. Irwin** and **W. H. Dail**, in the Oak Ridge Hospital—also **L. P. Fincher** and **C. R. Eastland**, sick at home.

The Laundry also reports a pair of sick personages—**Edith Stott** is in Ft. Sanders Hospital, Knoxville . . . The son of **John Tate** is in Baptist Hospital, Knoxville . . . Get-well wishes to both.

**Frank Stanfel**, Beta Two Maintenance, is visiting his wife's folks in Dallas, Tex., this week and they are coming home by the way of Des Moines, Iowa, where they will spend some time with his relatives . . . Rapid recovery wishes go to **Chaley Beckett**, out ill.

## CHEMICAL

**Elizabeth Harris** is vacationing this week over Memphis way visiting kin folks . . . Everybody around the department and Y-12 is glad that **Gene Williams** is recovering at Oak Ridge Hospital.

## INDUSTRIAL RELATIONS

Safety's **Floyd Shook** is vacationing in Alabama this week.

**Alice Mattingly**, Medical, selected Daytona Beach for her vacation spot . . . **Helen Varnadore** and **Jodie Brown** also are vacationing but didn't say where.

The Guard Department reports **Liz Campbell** still out but recovering from that appendicitis operation . . . Other ailing Guardsmen are **T. R. Smith** and **C. A. Wilson** . . . Vacationers include **C. B. Hillar**, **H. H. Neal**, **G. S. Pollit**, **J. F. Bruce** and **S. O. Venable**.

The Cafeteria sends get-well-wishes to **Madelyn Tackett**, ill in Oak Ridge Hospital.

**Bob Finn**, Labor Relations, was rushed to Oak Ridge Hospital last Thursday night for an emergency appendectomy—get-well wishes go his way.

## MANUFACTURING OFFICE

**Orville Weldon**, Plant Records, really is getting around on vacation—he's going to Athens, Ala., and thence to Detroit for a circle tour.

**Helen Claffey**, Stores, and her husband, **Chuck**, also are going a "fur piece" on vacation—his home in Norwood, N. Y., and points in Canada are their destination.

Material Control sends get-well wishes to **Jackie Tankersley**, who is ill . . . The Department welcomes **John Hutton**, a transfer from Oak Ridge National Laboratory . . . Congratulations to **Bessie Penland**, who is to be wed this week.

**Kyle Reed**, Methods Engineering, attended the national convention of the International Institute of Industrial Engineers in St. Louis, Mo., last week.

**Jim Gilchrist**, Inspection, is entertaining relatives from New York while vacationing this week . . . Others away for a week are **E. A. Powell** and **L. K. Dickey**.

**Jack Partin**, Timekeeping, will be journeying over to Myrtle Beach, S. C., for vacation purposes next week . . . **Bob Worthington** is just staying around home in Clinton.

## TECHNICAL

**George Lockhart**, Project Engineering, is real proud of the accomplishments of his daughter, **Rosemary**, who won the Social Science Award at Sullins College in Bristol, Va., where she is studying on an academic scholarship.

**Lois Scogin**, Chemical and Industrial Engineering, and her husband, **John**, of Electrical Maintenance, were recent week-end visitors to Dalton, Ga. . . **Byron North** is welcomed back after being ill . . . **Pat Howard** reports a quiet vacation at home.

Project Construction welcomes **J. J. Kurtz** back after an illness.

**Carolyn Seahorn**, Instrument Engineering, is going to see the sights of Noo Or-leens next week.

**A. C. Smith**, Health Physics, is vacationing somewhere next week.

**S. G. Campbell** and family visited in Warm Springs, Ga., recently . . . **Ray Waldrop** has selected Jackson and Nashville for his vacation spot . . . **Abe Krieg** and son went mountain climbing recently around Wind Rock . . . **John Napier** and his brother-in-law are right proud of those 21 fish caught a few days ago around Concord . . . The department hopes **Jack Day** will be back soon—he is recuperating at home after a stay in Oak Ridge Hospital.

**Larry Headrick**, Electrical Engineering, plans to catch up on his overdue fishing while vacationing . . . **Tom Bishop** is just going to

Continued on Page 4

**ARTHUR "SHORTY" ROGERS**, OF Special Testing, is being aided and abetted in a lazy vacation by his two faithful pets—Buster, the big tomcat; and Duke, the cocker spaniel. Does anyone know a less strenuous way of passing the time? Any Y-12ers with vacation pictures of their activities are cordially invited to send them to The Bulletin, Room 221, Bldg. 9704-2, and if they are possible to reproduce they will be published.

**Y-12ERS MAY HAVE SEEN THIS BUNCH OF YOUNGSTERS, ALL WITH** Y-12 parents, over Knoxville TV Station WTSK in the "Bobo's Center Ring" program. If not, the "Atomic Six" is scheduled to appear again on Wednesday afternoon, May 25, between 4 and 5 p.m. The youngsters, with names of fathers in parenthesis, are, front row, **David Coling** (L. E.), **Phyllis Daniels** (A. T.), and **Stephen Hall** (L. R.). In rear are **Becky Crawley** (W. C.), **Bernard Belew** (J. R.) and **Carol Hunt** (J. P.). The group has been playing together for about a year and has appeared on radio programs and made personal appearances.

Get-well wishes go to the following Y-12 employees who were patients in the Oak Ridge Hospital last week:

**H. B. Floyd**, A Mechanical Operations; **H. D. Pierce**, S. M. Thompson and **Charles B. Davis**, Field Maintenance; **W. H. Dail, Jr.**, and **Lee Roy Irwin**, Electrical Maintenance; **F. E. McKeethan**, V. J. Kinzer and **E. E. Burns**, General Machine Shop; **C. H. Wade**, Beta Four Maintenance; **J. J. Winslett** and **H. R. Frederick**, B Mechanical Operations; **E. J. Garrett**, Steam Plant; **Madelyn Tackett**, Cafeteria; **Eugene Williams**, Product Processing; **W. T. McNamara**, Planning and Estimating; **Robert Finn**, Labor Relations.

## Herron Is Chairman Of Red Cross Chapter

**W. S. Herron**, a former Y-12er and now an Oak Ridge insurance man, was elected chairman of the Oak Ridge Chapter of the American Red Cross last Thursday night at the annual election meeting of the chapter. Herron succeeded **James E. Campbell**, of the Y-12 Industrial Relations Division, who has been chairman for the past two years.

Other officers elected were **Paul Arow**, of Oak Ridge National Laboratory and also a former Y-12 man, vice chairman; **R. P. Shane**, treasurer; and **Mrs. Wallace Koehler**, secretary.

Nominated for directors for three-year terms were **Mrs. Russell Baldock**, **Mrs. J. M. Gillespie**, **Riley Barrett**, **Raymond L. Hayes**, **Carl Martin**, **Van Hamilton** and **Clyde Brown**.

## ACS Section To Present Movie At May 26 Meeting

The East Tennessee Section of the American Chemical Society will present a movie, "The Man in the White Suit," at a meeting of the section tomorrow night, Thursday, May 26. The meeting will be at 8 p.m. in Dabney Hall, University of Tennessee, Knoxville. The section also is planning its annual picnic for July 23 at Big Ridge Park and all Y-12 members of the organization are urged to make plans to attend both the May meeting of the group tomorrow and the picnic in July and to bring their wives.

"The Man in the White Suit" is a satirical comedy featuring the British actor **Alec Guinness**. It tells of the woes of a chemist whom his friends think has gone mad but who turns up with a valuable chemical development.

## Registration For AEP Summer Classes Starts

Registrations now are being accepted for the wide variety of summer quarter classes being offered by the Oak Ridge Adult Education Program, according to **Archie C. Keller, Jr.**, director. The AEP office is located in the Oak Ridge High School building, where classes also are held.

In night school classes the AEP is offering 40 subjects ranging from accounting to woodworking and including instruction in mambo dancing, driver training, engineering drawing, sewing, shorthand, typing and other topics. A list of 18 subjects also are being offered in day classes, mostly on business subjects. High school courses also are offered in the night school classes.

Registration in the AEP classes will continue at the high school until June 10 with classes starting June 6. The courses end on July 29. Complete information on all courses offered may be obtained at the AEP offices in the high school.

**Question:** How much collateral is needed for loans of more than \$300?

**Answer:** Loans can be made on automobiles or against any shares held in the Y-12 Employees Credit Union. Co-signers also may be obtained, according to the amount desired to be borrowed. For every loan of more than \$300, an eligible co-signer is required for each \$300 borrowed.

## Pickup Of Safety Awards Soonest Possible Urged

Several hundred Carbide employees in the Y-12 Plant Area eligible to receive individual safety awards for the 13th and 14th Carbide Safety Periods established in the plant area and who did not pick them up May 11 and 12 are urged to call by the Safety Department as soon as possible to get their awards. The Safety Department is located in Bldg. 9704-2, ground floor, southwest wing.

Our chief want in life is somebody who can make us do what we can—Emerson.

# Neck And Neck Races Are Continuing In Two Y-12 Plant Softball Leagues

UCJVs And Dirty Niners Tied In American; Beta Four Holds Slim Lead In National Loop

Neck and neck races prevailed in the two Y-12 Plant Softball Leagues at the close of action on Thursday night of last week. Only 10 games were played during the seven day period, with contests slated for Thursday night being rained out by an unexpected downpour that left Pinewood Park more fitted for amphibious activities instead of diamond-doings.

In the American League the Uranium Control Junior Varsity outfit climbed to a tie for first place by taking a pair of victories while the Dirty Niners claimed a half share to the lofty perch by taking their only game of the week. In the National League Beta Four maintained a bare half-game advantage over the Beta Two aggregation. Both teams won two games during the week while the Ridgerunners, previously tied with the two groups of Beta Boys, were tumbled from the ranks of undefeated teams in their only outing of the week.

## Players Wear Out Home Plate

Some of the lads seemed to be aiming to wear out home plate for in a couple of games scores soared to what are believed to be league records. The UCJVs, behind the one-hit pitching of Dick Garland, smothered ADP by 33 to 0 in the American League. In another wild affair over in the National League Beta Two battered the Sparkplugs by 34 to 11.

On the other hand there were a couple of good contests in the National circuit. Beta Four edged out the Ridgerunners 8-7 in a thriller when M. L. Sweet drove in the winning run in the last of the seventh inning with a slashing single into left field with two men out. The Ridgerunners had previously rallied to take the lead in the top of the final round after trailing most of the way. Beta Four also had to push across three insurance runs in the last inning to outlast the stubborn D Doodies by 8 to 5 despite the two home runs by Moore of the losers. Another one-sided win was posted by the Bums over the Madcaps to the tune of 24 to 6 with Jack Simmons rapping five for five.

In that UCJV rout of ADP Charley Kirkwood led the victors with a perfect four for four—but what a four for four! He strolled to the plate six times and blasted two grand slam home runs, another circuit drive and a single, scoring four runs. In his spare time he managed to draw a base on balls and was hit by pitcher the other time up.

One of the best pitching feats of the week was the two-hitter flung by the Dirty Niner's Cook against the Wildcats, as his team took a 10 to 1 triumph. Cook pitched perfectly for four innings and allowed only one walk in the entire game. Another good mound performance was turned in by Hatmaker, of the Bombers, who pitched one of the two shutouts of the week in a 16 to 0 win over the Steamers.

## Women's Summer Pin Loop Proposed

Plans for a summer bowling league for women to open on June 1 at the Paragon alleys in the Jefferson Circle vicinity are being made and any Y-12 keglettes interested in the project are invited to make their wishes known. Information on the proposed league may be obtained from the Y-12 Recreation Department, Bldg. 9704-2, Room 221, telephone 7751; or from Herman Certain, Oak Ridge telephone 5-6417, after noon. The proposed league would be composed of teams with four players each. Competition would be on a handicap basis.

## SCHEDULE FOR SOFTBALL Leagues For Week Beginning May 31

**TUESDAY, MAY 31, PINWOOD**  
Make-up games.  
**WEDNESDAY, JUNE 1, PINWOOD**  
6 p.m., Wildcats vs Bombers. 7:30 p.m., Beta Four vs Madcaps. 9 p.m., ADP vs Sunflowers.  
**THURSDAY, JUNE 2, PINWOOD**  
7:30 p.m., Ridgerunners vs Engineers. 9 p.m., UCJV vs Vols.  
**FRIDAY, JUNE 3, PINWOOD**  
6 p.m., Wildcats vs ADP. 7:30 p.m., Bombers vs Sunflowers.

## Eagles Fly To Top Of Knox Golf Loop

The Eagles took over first place in the Y-12 Plant Golf League playing at the Whittle Springs course in Knoxville last week. In latest matches reported the Eagles and Borights split at 1½ points each, the Birdies beat the Jets 2-1, the Aces dumped the Divot Diggers 2½ to ½ and the Bogeys blanked the Lost Balls by 3-0.

The schedule for the week beginning Wednesday, June 1, follows:

Lost Balls vs Borights. Divot Diggers vs Birdies. Bogeys vs Jets. Eagles vs Par Busters. The bye is drawn by the Aces.

League standing follows:

Team	W	L
Eagles	6½	2½
Birdies	6	3
Par Busters	2	1
Aces	5½	3½
Borights	4½	4½
Divot Diggers	2½	3½
Bogeys	3	6
Jets	1	2
Lost Balls	0	9

NOT ONLY IN THE FISHING RODEO FOR SHIFT WORKERS IN Y-12 DID anglers of the D Shift star—take a peek at the Gulf of Mexico catches made by V. L. Perry, a welder in Beta Four Maintenance, left above, and friends in a recent outing from Panama City, Fla. The fish are mostly grouper and red snapper.

ONE OF THOSE FONTANA LAKE grandpas of the largemouth bass family, being held in the right hand of Hal Tunnell, Beta Two Maintenance angler, is a strong contender for first honors in the Y-12 Annual Fishing Contest. Even the "little brother" of the contest entrant, shown at the right, is a whopper by most standards. Tunnell landed the big fish with a Creek Chub "Pikie" lure.

## Teams Tied For Top In Ridge Golf Loop

A deadlock for first place in the Y-12 Plant Golf League at Oak Ridge prevailed after play last Wednesday as the Holzkecht-Peckman and the Orrison-Saylor teams had identical records of 18-6. These teams trounced Smith-Koons and Underwood-McLendon for six points each and a similar victory was posted by Peterson-Patterson, Mitchell-Matthews. Boyd-Oliphant, with Palo O'Neal as a sub, split with Emlet-Hines at three points each.

O'Neal had a one under par 35 for low scratch score of the day. Paddy Peckman and O'Neal shared 34s for low handicap scoring.

The schedule for next Wednesday, June 1, follows:

Hines-Emlet vs Ratjen-Snyder. McLendon-Underwood vs Smith-Koons. Mitchell-Matthews vs Orrison-Saylor. Holzkecht-Peckman vs Peterson-Patterson. Boyd-Oliphant draw the bye.

League standing follows:

Team	W	L
Holzkecht-Peckman	18	6
Orrison-Saylor	18	6
Boyd-Oliphant	15	9
Hines-Emlet	13	11
Peterson-Patterson	9	9
Ratjen-Snyder	9	9
Mitchel-Matthews	6	12
Smith-Koons	5	19
McLendon-Underwood	3	15

## D Shift Anglers Tops In Fish Rodeo

D Shift anglers walked away with four out of five firsts in the fishing rodeo for Y-12ers working on shift schedules. One lone C Shift Y-12er got into the first place rating in the event.

In both largemouth and smallmouth bass competition the judges had to refer to length of fish entered to determine the winners as in both classes ties existed in weight of the catches. B. A. Murr, on D Shift, Production Inspection, nosed out Jesse Johnson, C Shifter in Automotive Equipment Maintenance, in the largemouth bass race with a fish 21¼ inches long against an even 20 inches. Both lunkers weighed five pounds, eight ounces. C. E. Foster, another D Shift Y-12er in E Mechanical Operations; and J. Will Jones, an A Shift employee in Colex Operations, each had smallmouth catches weighing four pounds, four ounces but Foster's fish was 22½ inches long while Jones' catch was only 19½ inches long.

Capt. Emmett Moore, of D Shift in the Fire Department, turned in a fine one-pound, 15-ounce crappie for first place. M. A. Eggers, who works A Shift in Chemical, had a one-pound, nine-ouncer for second place.

A sauger pike weighing three pounds, four ounces, brought first place to Walt Sherrod, another D Shift Y-12er in B Mechanical Operations. Second place went to L. A. Dukes, a C Shift employee in Colex Operations, with a two-pound, 15-ounce prize.

Only in trout did a D Shift angler fail to place with the first place going to J. K. Bush, Field Maintenance, whose one-pounder was the top fish. A 12-ounce catch by John Wignot, of B Shift in Alpha Five Maintenance, took second.

Handsome prizes have been awarded the first and second place winners in each classification by the Recreation Department.

## Horseshoe Matches Open On Thursday

The Y-12 Horseshoe League will begin official match play tomorrow night, Thursday, May 26, at the Oak Ridge pits at the tennis court site near Jackson Square. Tossing began last night with scores posted for the purpose of establishing handicaps. Matches are scheduled to begin promptly at 6:30 p.m.

The schedule for the opening night follows:

Sliders (C. Gillihan and Al Bissell) vs Kickers (Avery Kendig and Elmer Green). Catheads (M. B. Hilton and E. Hawk) vs Ringers

# Dorr, Hamby Low In Martel Tourney

60 Golfers Compete In Second Y-12 Event

Carl Dorr fired a 69 scratch round to take first honors in the second week-end golf tournament for Y-12ers, staged last Saturday at the Martel course. He was competing in the First Division of the event. Newt Hamby, in the Second Division, had a handicap low of 62 for the tournament.

An even 60 golfers took part in the tournament despite the threatening weather.

Here are the results in the three divisions:

## FIRST DIVISION

Low handicap, Frank Burchfield, 65.

Low scratch, Carl Dorr, 69.

Second handicap, Palo O'Neal, 68.

Second scratch, Art Hines, 73.

## SECOND DIVISION

Low handicap, Newt Hamby, 62.

Low scratch, Arnold Tiller, 79.

Second handicap, J. P. Smith, 65.

Second scratch, C. E. Harris, 80.

Third handicap, Frank Tiller and T. J. Arrowood, 67.

Third scratch, George Mitchel, 82.

Fourth handicap, Elmore Koons, 68.

Fourth scratch, Harvey Saylor, 84.

## THIRD DIVISION

Low handicap, Millard Cromer, 64.

Low scratch, Mary Scott, 93.

Second handicap, Juanita Reed and R. P. Wallace, 69.

Second scratch, J. D. Hill, 104.

Karl Kahley won the lucky number drawing. He and all the prize winners listed above are to receive handsome awards from the Recreation Office.

## Doubles Ladder Planned For Tennis

With about a dozen responses already in, the Recreation Department is laying definite plans for setting up a tennis ladder for doubles play. Several suggestions were received from players that doubles play be held instead of the more strenuous singles competition.

However, more candidates are needed to make the ladder competition more interesting. Any Y-12er interested in the game is urged to communicate with the Recreation Department, Room 221, Bldg. 9704-2, telephone 7751, as soon as possible.

Places on the tennis ladder are originally assigned by drawing and thereafter any team on a lower rung of the ladder may challenge a team holding a higher position.

## JET ENGINES POWERFUL

Any one of the modern jet fighter that guard the skies of the United States today has sufficient power to pull a 360-car freight train.

(Bob Cantrell and C. Coley). H. & H. (H. Horton and D. Hackett) vs Leaners (Ruby O'Kain and Nell McGinnis). Sneakers (Betty Whitehorn and Katie Williams) vs Pioneers (J. Haggard and C. Toney).

The season will be divided into two halves with matches every Thursday night and the schedule ending August 25.

## Memorial Day Holiday To Be Observed Monday

Continued from Page 1

their land and decorate their graves.

Memorial Day is indeed a memorable day—and every Y-12er should pause at least once during the day to remember what it stands for.

Memorial Day is one of the seven holidays observed annually in Y-12. The next long week end will come on Independence Day when July 4 falls on Monday and is a holiday. A similar holiday comes on Monday, September 5, which is Labor Day. The other holidays are Thanksgiving, Christmas, New Year's and Good Friday.

### SS COVERAGE GROWING

Nine out of every 10 jobs in the United States today are covered by social security with nearly 72,000,000 Americans being covered for benefits.

The man who's always looking down his nose usually gets the wrong slant.

### CREOLE SPAGHETTI, FISH CAKES TO FEATURE SPECIAL TOMORROW

Creole spaghetti with fish cakes will be the main dish on the 50-cent Special Lunch at the Y-12 Cafeteria tomorrow, Thursday, May 26. Also included on the Special Lunch will be one vegetable, choice of salad or dessert and rolls and butter.

## Tiller - E. Roberts Lose But Hold Lead

Although losing their first match of the season, the team of Arnold Tiller and E. Roberts held its lead in the Roane County Golf League for Carbide golfers after play for the May 8-14 period had concluded. A red-hot race prevailed for second place with four teams tied for the spot.

The schedule for the May 29-June 4 period follows:

Kahley-Saylor vs Tiller-Roberts.  
Ellis-Anglin vs Mee-Owings.  
Parker-Guinn vs Cromer-Martin.  
Hamil-Mackey vs R. Roberts-Pletz.

League standing follows:

Team	W	L
Tiller-E. Roberts	7	2
Hamil-Mackey	5 1/2	3 1/2
Kahley-Saylor	5 1/2	3 1/2
Ellis-Anglin	5 1/2	3 1/2
Mee-Owings	5 1/2	3 1/2
Parker-Guinn	3	6
Cromer-Martin	2 1/2	6 1/2
R. Roberts-Pletz	1 1/2	7 1/2

Clear vision—avoid collision.

## 'Good Luck Charms' Relied On By Many But Group Insurance Provides Realistic Benefits For Sick Or Injured Y-12ers

### 66,000 UCC Employees Have Carbide Policies

To many Y-12ers a rabbit's foot, a lucky number, special dates, particular colors—all are symbols of good fortune. They often seem to provide feeling of security. Some folks can even point to experiences that explain the feeling of confidence they place in these "charms."

#### Smart To Be Realistic

But it's smart to be realistic, too. Most Y-12ers, through personal experience or from the daily newspapers, have learned that life does have a way of upsetting things, just when we least expect it. That's why, good luck charms notwithstanding, a great majority of Y-12 folks rely on a more practical form of protection—Carbide Group Insurance—knowing that its benefits will help to ease expense and worry when emergencies arise.

An idea of the value of this protection can be obtained by considering that in 1954 the insurance companies paid out more than \$5,700,000 in benefits to Group-Insured Union Carbide employees or their families—for life insurance, including total and permanent disability benefits; sickness and accident insurance; and hospitalization insurance, with provisions for medical and surgical benefits. At the end of 1954, approximately 66,000 Union Carbide men and women held Group Insurance policies providing life insurance of approximately \$608,000,000, and sickness and accident coverage of more than \$2,500,000 per week.

#### Insurance Protection Pays

While the feeling that comes with security can't be measured in dollars and cents, these impressive totals certainly give proof that Carbide Group Insurance protection pays.

It's a good idea to know the Carbide Group Insurance benefits and to make sure your family also understands them. Make it a point to study the Carbide Insurance Plan booklet from time to time. By the way, it's also a good idea to keep the certificate in a safe place at home. Some member of the household should know where it can be found.

If, after studying the Insurance Plan booklet, Y-12ers have any questions, ask them of the Y-12 Insurance Office, first floor, Bldg. 9704-2, telephone 7382.

## Rides Wanted, Offered

**Riders Wanted** — From Oliver Springs to Bear Creek Portal, D Shift. H. E. Silvis, plant telephone 7-8402, home telephone 3651, Oliver Springs.

**Two Riders Wanted** — From Bearden, via Middlebrook Pike, straight day. H. L. Gary, plant telephone 7951, home telephone 8-5485, Knoxville.

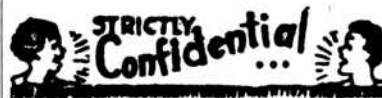

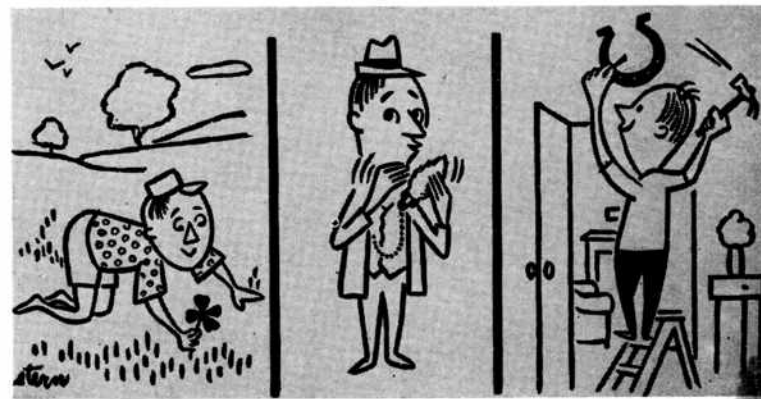

**Ride Wanted Or Will Join Car Pool** — Ride from Eaton Cross Roads or car pool from Lenoir City, straight day. C. L. Coley, plant telephone 7933.

**Riders Wanted** — From Rockwood to East Portal, straight day. Allen Jolley, plant telephone 7930, home telephone 4864, Spring City, Tenn.

**Riders Wanted Or Will Join Car Pool** — From Burlington section, Knoxville, to any Y-12 Portal, Relief Shift. W. J. Mason, home telephone 2-1004, Knoxville.

**Ride Wanted** — From Maryville to Central or West Portals, straight day. R. E. Lotz, plant telephone 7-8600.

**Ride Or Riders Wanted Or Will Join Car Pool** — From Athens, Tenn., E Group. M. E. Dennis, plant telephone 7222.

Continued from Page 2

work around his home.

Another stay-at-homer on vacation is **R. D. Thompson**, Civil and Architectural Engineering.

In the same category is **Lillian Higgins**, Mechanical Engineering.

**W. H. Dodson**, Special Testing, is another unreported destination vacationer.

### MECHANICAL OPERATIONS

Fish stories and trips abound in Mechanical Operations . . . **O. C. Willard** spent a Saturday angling on Norris Lake but all he got was wet, 'tis said . . . On the other hand **W. F. Beach** is back from his week's vacation and it seems that he caught all the fish in Middle Tennessee . . . **P. L. Norris** planned to mix house painting and fishing while vacationing for a couple of weeks . . . **J. C. Kendrick** set out to catch some of those big 'uns at Fontana while **A. J. Melton** was planning a similar foray at Douglas Lake while vacationing . . . **Watts Bar Lake** is the target of **E. J. Hill** . . . Picnicking and fishing occupied the **L. C. Hale** and **H. Crutchfield** families at Daddy's Creek in the Cumberland near Crossville recently . . . **R. M. Kristich** and family enjoyed a recent week-end trip to Royal Oak, Mich., and he reports himself much more safety minded after seeing the remains of two wrecked and burning gasoline trucks on the highway . . . **W. H. Asbury** and family recently visited kin folks in Rutledge, Tenn. . . . **J. C. Gibbs** journeyed over to Clarksville, Tenn., for a brief trip . . . Another recent week-end trip was made by **M. L. Crawford** and family to McMinnville . . . **M. B. McCarter** is back from a Daytona Beach vacation with a fine sun tan—as is **N. B. Bloomer** . . . More vacationers—**C. E. Cage** in Knoxville . . . **D. C. Bonifacious** working on his home in Wartburg . . . **D. J. Schafer** working on his automobile at home . . . **B. W. West** at home entertaining his sons, Bernie, Jr., an airman at Shaw Air Force Base, S. C.; and Kenneth, stationed in Washington, D. C. . . . **W. L. Kautz** at an unreported destination . . . Another soldier visitor was **Jerry Ross**, stationed at Ft. Jackson, S. C., who visited his parents, Mr. and Mrs. **H. Ross** . . . **H. B. Thackston** had his brother, Fred, recently discharged from the Army, as a week-end visitor . . . Get-well wishes go to **H. L. Brown**, **L. H. Rogers** and **G. L. Miller**, on the sick list . . . A warm welcome back was given **H. G. Crews**, returning after a week's illness . . . **Tim Watt** is the latest member of the Y-12 Grandpop's club when a girl was born to Mr. and Mrs. Roscoe Miller at Bacon Hospital, Loudon, May 16, to be named **Martha Carolyn**.

Here's an added starter on Mechanical Operations Division news—**Harold E. Cornell** rightfully is proud that his daughter, Sally Clare, is among the honor students at the University of Kentucky—he

is planning to attend Honors Day exercises at Lexington on May 27.

**A. H. Coling**, General Machine Shop, is another properly proud father—his daughter, Barbara, selected as the "Most Creative Girl" in the Oak Ridge High School senior class this spring, has been awarded a scholarship at George Peabody College in Nashville . . . Too many sick folks around the shop so get-well wishes are expedited to **E. E. Burns** and **F. E. McKeethan** and **V. J. Kinzer**, all in Oak Ridge Hospital . . . **W. H. Donahue** in Baptist Hospital, Knoxville . . . **Harold Babb**, **C. S. Patty**, **C. C. Chamberlain**, **H. F. Kidd**, and **F. H. Pitzer**, all at home . . . **H. F. Dick** took his vacation last week to visit his ill mother in Altoona, Pa. . . . **J. H. Brown** vacationed at home in Philadelphia, Tenn. . . . **N. H. Wise** stayed home in Knoxville. . . . **F. E. Shipley, Jr.**, **H. J. Nelson**, **M. F. Gilliam**, **E. Smith**, and **L. C. Love** also are on the vacation roster . . . Sympathy is extended to **W. W. Chilcoat**, whose father-in-law died in Alabama last week.

D Mechanical Operations welcomes **H. L. Berry** back after an illness . . . **J. E. French** is visiting an ill sister in Florida as it **W. W. Raper** . . . Vacationers include **C. B. Wilson**, **H. Loveday**, **W. L. Jones** and **J. W. Ralston** . . . **O. N. Schultz** has been drawn for jury duty over at Kingston.

### SUPERINTENDENTS

**O. M. Blackwell**, Assistant C Shift Superintendent, is an Oak Ridge vacationer . . . **G. M. Kirtland**, who holds a similar post with D Shift, is going to Florida.

As a sign-off, here's a cutie clipped from a handy publication. He: "Do you object to petting?" She: "That's one thing I've never done yet." He: "Petted?" She: "No, objected." So, if there are no objections, this will be all for this time.

## Oak Ridge Swimming Pool To Open For Summer May 28

The redecorated Oak Ridge swimming pool will open on Saturday of this week, May 28, for the summer season that will end on Labor Day, Monday, September 5. Hours of operation at the present will be from 1 p.m. to 3 p.m., Monday through Saturday, with the shallow portion of the pool being open from 10 a.m. to 1 p.m. on Sundays. During the warmer days of summer the pool will remain open until 10 p.m.

The tank has been given two coats of sea green paint that will enhance the appearance. The pool manager this year will be Tom Normand and Bob Van Fleet will be head life guard. The Southeastern A.A.U. swimming meet will be held in Oak Ridge some time during the summer and the annual city swimming meet will be held on Labor Day.

**Remember—Only you can  
PREVENT FOREST FIRES!**
